## IDpack Plus

Take Control of Your Security

IDpack Plus is a fast and reliable ID card printing software ideal for paper badges and event registration.

The screenshot displays the IDpack Plus software interface. The main window shows a 'Badge List' with columns for Search No., Color Code, First Name, Last Name, Department, Birthdate, and Address. Below the list is a 'Badge Information' section. A 'Designer' window is open, showing a badge template for 'Space Research Company'. The template includes fields for [First Name] [Last Name], Title, Department, Color Code, Security Level: [Level], and Date issue: [LONG DATE]. A barcode is also visible on the template. The software version 7 is indicated in the bottom right corner of the designer window.

Search No.	Color Code	First Name	Last Name	Department	Birthdate	Address
100001	Red	Joseph	Charles	Service Technician	2/7/1972	310 Hubbard St.
100002	Yellow	Jay	Charles	Sales Manager, Technology Supplier	2/19/1972	16203 e. stevedia s
100003	Green	Mike	Charles	Service Technician	2/16/1972	2000 S. Colorado I
100004	Blue	Joseph	Chris	Technology Supplier	2/2/1972	701 Kings Highway
100005	White	Joseph	Chris	Technology Supplier	2/2/1972	122 Pine St.
